The Youth Neighborhood Association Partnership Program (YNAPP) is designed to encourage neighborhood youth to take an active role in their community. This program will enable middle and high school youth throughout the City of Las Vegas to carry out community building projects of their own design.

Youth who need financial assistance to implement community service learning project ideas can apply for YNAPP grants up to \$1,000. Young people involved in this program will identify community needs, plan a strategy to address those needs, and submit an YNAPP Grant Application to implement their plan.

Youth and adults will serve side by side on the YNAPP Grant review Board and select exemplary proposals for funding. The board consists of fifteen (15) members, seven (7) youth and eight (8) adults. The Board shall be comprised of the Mayor's two (2) designees, and one (1) Council designee from each of the six (6) Council Wards. The Mayor shall also appoint seven (7) youth from geographically diverse locations throughout the City of Las Vegas.
